RE: Bay Area Grading & Paving

I am now on my second parking lot asphalt paving by Shawn Peterson of Bay Area Grading & Paving within the last 6 months.

Both jobs are of considerable size, 15,000 to 20,000 sq. ft. commercial parking lots. Shawn and his crew did an excellent job. They work fast so as not to disturb the tenants and their customers.

Shawn was always available to me via phone or text to keep me informed of the job's progress.

I am very happy with their work and would highly recommend them for future jobs.

Kathryn D.
